

Sanitation Solutions

Put the Power of Nature to Work!

While many of us do not enjoy portable sanitation facilities, we are glad they are there when we need them. Bionetix® is here to make that experience more pleasant overall—both for those that use and for those that maintain portable restrooms, septic tanks, and grease traps—by putting the power of nature to work to clean and deodorize!

Bionetix® biologicals are a perfect match for portable

sanitation because they contain beneficial microorganisms that digest organic wastes such as greases, oils, undissolved soap residues, paper, and other odor-causing substances. Paired with pleasant fragrances, Bionetix® biologicals not only mask odors but reduce the compounds that cause them. Better yet, Bionetix® biologicals can be adapted into portable toilet treatments, surface cleaners, odor neutralizers, urinal treatments, and more!

Portable Toilet Solutions

Our portable toilet products treat and deodorize portable toilets and holding tanks using beneficial microorganisms that break down organic waste long after application. BIO-BOOM™ delivers a pleasant, long-lasting fragrance and is 100% biocide-free, with no formaldehyde or harsh chemicals.

BIO-BOOM™ P ORIGINAL

Portable Toilet Powder Microbial Treatment Additive
Packaging: 28 g pouches (50 or 300 count).

BIO-BOOM™ P (SILVER & GOLD)

Self-Mixing Portable Toilet Powder Microbial Treatment Additive. Available in Silver (28 g) and Gold (56 g) concentrations for low to high traffic.

Packaging:

Silver – 28 g pouches (50 or 300 count).

Gold – 56 g pouches (25 or 150 count).

BIO-BOOM™ L

Portable Toilet Liquid Treatment and Deodorizer
Packaging: 1 L or 4 L bottles, 21 kg pail.

BIO-BOOM™ T

Fast-Dissolving Portable Toilet Treatment Tablet
Packaging: 21 kg pail.

Septic Tank Solutions

Our septic tank treatments contain diverse microbiology designed to activate digestion of solid waste, reduce sludge buildup and pumping frequency, improve pipe purification and drain seeping, and prevent pipe and drain and leaching field blockage.

ECO-SEPT™ P

Diversified Microbial Septic Tank Digester
Packaging: 28 g pouches (12 or 400 count).

FIZZY-TAB™

Septic and Grease-Trap Microbial Dose
Packaging: 5 g and 22 g tablets.

Grease Trap Solutions

Our grease trap solutions contain specialty additives to reduce oil and fat accumulation and speed up their biodegradation, thus preventing emergency blockages and reducing BOD (biochemical oxygen demand) and bad odors. Products can be applied directly to grease traps or added through kitchen sinks and floor drains.

ECO-TRAP™ L

Pipe and Drain Grease-Deposit Reducer
Packaging: 4 L bottles, 21 kg pail.

ECO-TRAP™ P

Pipe and Drain Grease-Deposit Reducer
Packaging: 28 g pouches (400 count).

ECO-TRAP™ BLOC

Grease Trap Treatment in Slow-Release Block Form
Packaging: 2 pound blocks (4/case) and 5 pound blocks (2/case). Each block is packaged in a mesh application bag.

Odor Neutralizer Solutions

Our odor neutralizers use advanced bio-based technology to break down odor-causing organic matter at the source rather than masking it. The fast-acting formula eliminates persistent smells from waste areas, drains, restrooms, and organic spills, improving air quality and overall sanitation. Ideal for commercial, industrial, and institutional environments.

ECO-SCENT™

Odor-Neutralizing Liquid for Bad Smells
Packaging: 1 L or 4 L bottles, 21 kg pail.

Surface Cleaner Solutions

Our surface cleaners use bio-enzymatic action to break down grease, oils, and organic residues, improving cleanliness and reducing odors. These fast-acting formulas prevent buildup, enhance safety, and support eco-friendly cleaning. Suitable for use on floors, counters, equipment, and other hard surfaces in commercial and industrial settings.

ECO-CLEAN-ALL™

Biological Cleaner for Grease, Oil, Protein Soils
Packaging: 1 L or 4 L bottles, 21 kg pail.
